SUMMARY

I am a sophomore at Mercyhurst University pursuing a degree in Intelligence Studies. I have been expanding my intelligence analysis experience by working on a contract with businesses through Ridge College CIRAT as well as focusing deeply on my studies to refine my analysis skills. My skills of leadership and critical thinking have been increasing developed through my job in the Intelligence IT department as well as being a resident assistant for Mercyhurst University. I have a passion for learning that is coupled with my ability to learn quickly, which I feel will help me to excel in the field of intelligence and IT.
